THE DAILY AVALANCHE

Story's statue of Edward Everett will be dedicated at Boston early in October.

The total vote of San Francisco Wednesday was 17,865, about 6,000 less than the registered vote.

Wool has now reached the lowest price, on the gold basis, that has ever been known in this country.

One hundred and seventy-one thousand six hundred and twenty-nine immigrants arrived at New York during the present year to date.

The Freedmen's Bureau in Mobile refuse to take charge of sick and friendless negroes from the country.

A dispatch from Constantinople says that news was received there that the British subjects imprisoned in Abyssinia had been released.

That branch of the Election Committee appointed by the Fortieth Congress to inquire into the contested seats of the Kentucky members, will meet in Louisville about the 10th of October.

A hail storm which lasted five minutes, broke between 6,000 and 7,000 panes of glass in the railroad shops of Susquehanna, on the afternoon of the 18th.

Dr. Asa Brunson, near Pine Bluff, Arkansas, killed a negro a few days since, who tried to rob him. The black snapped a cap, but his gun did not go off, and the Doctor, who had a double barrelled shot gun, fired at once and killed him.

The Buffalo *Courier* thinks "the Bureau of Military Justice has bred more crime than it has punished, and more perjury than ever Heaven will forgive or the country forget."

A writer in the New York *Express* predicts that the next winter will be a steady cold season, and not an open winter, because the bees have stored but a small amount of honey.

General Grant has furnished guns, swords, cannon, caissons, etc., for the use of the cadets of the Virginia Military Institute, and has also restored to the Institute the old Cadet Battery, which had been taken from it.

Brownlow has ordered elections to be held in the First and Sixth Judicial Districts, to fill vacancies occasioned by the resignations of Judges R. R. Butler and Andrew McClain.

Six months ago a Boston house sent out a cargo of five hundred hoop skirts to Japan as a venture. The Japs put a cover on them and use them for umbrellas.

General Duncan, commander at Nashville, has written a note to the proprietors of the new theater, in which he states that if Yankee Doodle is insulted again he will send a guard to the theater and eject the offenders.

The first newspaper tolerated in Virginia was in 1780. The subscription price was fifty dollars per annum for one copy. Advertisements of moderate length were inserted for ten dollars the first week, and seven dollars for each week succeeding.

A dispatch from Augusta says it is not true that General Pope has suppressed the Albany *News*. It is also denied that private instructions have been issued forbidding freedmen running for the Convention.

A servant girl in Rochester was given a sand glass to cook eggs by, and put it into the kettle with them. She did this three times before her method was discovered.

The editors of the Paris journals were summoned last week to the office of the Procureur Imperial, and they received an intimation that they must not "discuss the Constitution," under pain of being prosecuted.

Kossuth has refused to take his seat for Waitzen in the Hungarian Diet, and promises to make his reasons known to the world in a manifesto, to be published shortly.

A renewed pressure has been made on the President for a change of cabinet, and he informed those who had an interview with him on the 4th, that one man would be removed at no distant day. This is intended for Seward.

A farmer in Minnesota killed himself with a musket, shooting half of his head off, because his crops had been ruined by heavy rains. It was the third year that the poor man's hopes had been blighted, and he gave up the life struggle in despair.

A party of men, one day last week, called at the house of Mr. Box, near Triana, Alabama, and murdered him. The men were unknown, and made their escape.

A respectably attired young man, formerly a Wall street broker, has been arrested in New York for pulling down and carrying off posters and circulars, and selling them to waste paper dealers. It is said that he visited the principal hotels twice daily for this purpose.

Pegged boots, if occasionally dressed with petroleum between the soles and the upper leather, will not rip. If the soles of boots or shoes are dressed with petroleum, they will resist wet and wear well. The pegs, it is said, are not affected by dryness after being well saturated with the liquid.

The amnesty proclamation, the President said Wednesday night, will be issued in a few days. It has been decided to pardon all of the classes already telegraphed, and will only except about a hundred persons, who are under criminal indictment.

General Pope has ordered the Registers of the various districts to give no further information to the press, and not allow abstracts to be made from their books. The whole thing, then, is to be conducted in the dark. Honest purposes need never fear the light.

A terrific water spout, over a hundred feet in diameter, came across the river at Newcastle, Delaware, and passed north of the town, Thursday. The inhabitants were greatly frightened. Fortunately no damage was done to the town, but fences, trees, etc., were torn away as it touched the land.

Governor Brownlow seems determined to place all the railroads of the State in the hands of receivers. The Nashville and Northwestern will be turned over to General William P. Innes, if the interest due the State is not paid by the first of October, and Colonel Charles H. Irwin will take charge of the McMinnville and Manchester road.

We learn from Saunders' *News Letter and Daily Advertiser* of the 12th of August that Dr. L. P. Yandell, Jr., of Louisville, and formerly of this city, was one of the invited guests at the Medical Conversazione, held at the Royal Irish Academy in Dublin, August 10th, in connection with the British Medical Association.

Mr. H. H. Abbott and Miss Brunette Hearn, of Gallatin, Tennessee, were married on the 28th of August, and departed immediately for Clarksville. At half past seven o'clock, on the evening of the next day—the 29th—the fair and happy bride was stricken down with a fit of appoplexy, and the bereaved husband returned home with her corpse.

The Marquis de Moustier, French Minister of Foreign Affairs, has addressed a circular to the representatives of the Empire at foreign courts, on the subject of the relations of Napoleon's Government toward the other continental powers. The official document is reassuring, the Minister asserting that the "auspicious meeting" at Salsburg should be regarded as "a fresh pledge of the maintenance of peace."

On Sunday, Ben DeBar, in company with McCoole, called on Jones at his training quarters, at Shady Grove. They found him sitting in an easy chair, his nose plastered, his eye discolored, his lip cut, and suffering somewhat from the blow on his ribs. After a few words of friendly conversation, Jones said: "McCoole, you whipped me on the third round, by that dreadful blow on my ribs, and you are the best man in America. You hit the hardest blow of any man I ever stood before." "Yes," responded Jim Cusick, Jones' trainer, "and you can whip any man in the world."

According to a new Canadian book, by one Rev. Mr. Baxter, the time is near when Napoleon is to unite under himself the ten kingdoms of Great Britain, France, Spain, Italy, Algeria, Tripoli, Egypt, Greece, Syria and Turkey. Napoleon will capture Jerusalem, commence a general persecution of Christians, confiscate the Romish Church property, institute public worship of its image, imprint his name on people's foreheads and hands, then famine for eighteen months, a great smoke for three weeks, five months of locusts, horsemen and horses breathing brimstone, and various other equally probable events too numerous to mention.

Three drunken white militiamen entered a gentleman's house on North College, near Jackson street, about eight o'clock the other night, and finding his wife in the sitting room alone, one of them sat down by her side. He was about to offer a further indignity by placing his hand in her lap, when her cries for help brought in a young man, who no sooner entered the room, than he was knocked senseless to the floor. The scoundrels made their escape. The husband soon after appeared with a double barrel shot gun, but only too late to avenge the insult offered to his wife. Will General Cooper be kind enough to look into this "outrage?" asks the Nashville *Banner*.

The Paris correspondent of the Boston *Traveler* says it is a rare thing that a singer, especially a lady singer, gives contentment to the composer or the music which she strives to render. Yet here in Paris it is matter of rivalry which of the great composers shall pay most homage to Patti. Rossini, the fine old genius, *bon vivant*, gentleman, and master of cords and scales, tells everybody how irresistably charming she is, writes gallant verses in her album to his "divine little Patti," plays for hours at the piano while she sings over his shoulders, and at eighty-four is desperately smitten with this girl of twenty. Verdi is equally laudatory of her musical charms, and declared not long ago that he never knew what Leonora, in Trovatore, was capable of until he heard her sing it.

Amnesty Proclamation Agreed Upon.

The Exceptional Classes Four in Number.

Dedication of Anteitam National Cemetery

Immense Damage from the Bursting of a Reservoir.

Disaster and Loss of Life on the Naugatuck Railroad.

Latest Foreign and Domestic Markets.

WASHINGTON, September 7.—At the Cabinet meeting yesterday the amnesty proclamation was discussed and agreed upon without opposition. The exceptional cases are only four. First—All against whom legal proceedings have been instituted. Second—All who have been foreign agents, so called. Third—All who have been in military and naval service above the rank of Brigadier General in the army, or Captain in the navy. The fourth class was not clearly defined, but is supposed to apply to all those implicated in the assassination conspiracy.

The dedication of the Antietam National cemetery takes place to-day. The President and Cabinet will attend; also the Governors of several States, and the Mayors and Councils of several cities.

INDIANAPOLIS, September 7.—The Sængerfest ended yesterday with a grand ball at Fest's Hall. The rain in the morning somewhat interfered with the picnic, but a large crowd was in attendance in the afternoon. Senator Morton delivered an address in English, and Judge Stalle, of Cincinnati, one in German.

HARTFORD, CT., September 7.—The West Hartford reservoir gave way yesterday, flooding the valley beneath for a distance of two miles around. Immense damage was done to private property. The city will have to resort to pumps in order to draw the water from the cellars, etc.

A terrible accident accurred yesterday on the Naugatuck railroad. The passenger train broke through the bridge near Thomastown, and the baggage car was precipitated into the Naugatuck river. It floated some three miles before it was caught, and some passengers clinging to it were rescued. Ten persons are supposed to be drowned. Six bodies have been discovered, and the citizens of Thomastown are searching for the remainder.

LIVERPOOL, September 7—11 a.m.—Cotton is dull and prices are tending downward; sales of 8,000 bales at 10d for uplands, and 10¼d for Orleans. Consols, 94; 5 20s, 73⅜.

Ex-Governor Graham, of North Carolina, on the Situation.

Honorable William A. Graham, of North Carolina, in a letter to a resident of Van Buren, Arkansas, writes as follows respecting the political situation of the South:

The situation of the States of the South, to which you allude, is indeed melancholy. We are realizing the truth of the declaration of Mr. Fox, that "the most dangerous of all revolutions is a restoration." The idea of distraining the States by military domination, into the adoption of constitutions for local governments, with the right of suffrage extended to negroes, without any qualifications except being of the male sex and over twenty-one years of age, and by the Howard amendment to the constitution of the United States, at the same time ostracising all men of experience and influence among us, is the most solemn farce that has been enacted in all history. It is to roll back the tide of civilization two centuries at least, and place the ballot in the hands of a constituency less qualified for the office of government than has ever before exercised it in any republican country. The Board of Registers of voters has just been announced here, and includes one negro to two white men throughout the State. When the whole series of steps in the process of "reconstruction," as it is called, shall have been fully contemplated, I think the people, wherever they constitute majorities, will find it to their interest to vote against conventions for the objects in view, and bear the reign of military government until another appeal can be made to public opinion at the North, and especially in the Northwest.

Instruments Requiring Stamps.

The following are the instruments to best amped, and the stamps to be used in ordinary business transactions. Cut this out and preserve it for reference:

All notes and evidence of debt, five cents on every $100; under $100, five cents; if over $100, five on each additional $100 or part thereof.

All receipts, for any amount, without limit; over $20, two cents: if $20 or under, nothing.

All deeds and deeds of trust, fifty cents on each $500 in value of the property conveyed, or the amount secured. When a deed of trust is duly stamped, the note secured must not be; but they should be indorsed to show the reason why.

All appraisements of estates or estrays, five cents on each sheet or piece of paper.

Affidavits of every description are exempt from stamp duty.

Acknowledgements to deeds, etc., are also exempt.

Contracts and agreements, five cents, except for rent; when for rent, fifty cents for $300 of rent, or less; if over $300, fifty cents for each $200 or less over $300.

Any person interested can affix and cancel stamps.

THE INDIAN WAR.

Unreasonable Demand of the Indians.

WASHINGTON, September 5.

Judge Kinney, United States Special Indian Commissioner, has just arrived in this city from Fort Phil. Kearney, having been absent six months in the discharge of his official duties.

About 6,000 warriors, composed of Sioux, Cheyennes and Araphoes are now concentrated north of Fort Phil. Kearney, and demand as a condition of peace that the soldiers be withdrawn from the country, the posts abandoned, and the roads to Virginia City given up.

As the country belongs to the Crow Indians, with whom we are at peace, the demand, if complied with, the Judge thinks may suspend, but will not settle the difficulty. He apprehends that the next demand will be to suspend the work on the Pacific railroad, which is being built through the same country, without the consent of the Indians.

Judge Kinney confirms the report of the attack on Major Powell's party on the second ultimo, and is of the opinion there were two thousand Indians, and that Major Powell killed nearly two hundred. Kinney thinks this defeat of the Indians may open a way to a treaty of peace, and that one more punishment like that administered by Major Powell would give us prominent peace.

Acting Indian Commissioner Mix has received the following:

OMAHA, September 4.

Iron Shell, a chief with one hundred and eighty Indians, arrived at North Platte to-day. He is from the Northern hostile camp.

H. B. DENMAN,
Superintendent Indian Affairs.

By coming into the United States post at North Platte, Iron Shell and his band have manifested their desire to cease hostilities.

Vallandigham's Speech at Maysville, Kentucky.

We subjoin the following extract from Mr. Vallandigham's speech delivered at Maysville, last week:

Be true, Kentuckians, cheered by the smiles of Kentucky women, to the stand you have taken. The nation needs your example. Across the river in my own native State, and in the native State of my fathers—now in her widowhood—I thank God my fathers were from that grand old Commonwealth of Virginia. [Loud cheers.] That birthplace of Washington, Jefferson and Madison, of Robert E. Lee and Stonewall Jackson. [Deafening cheers.] Aye, these are noble names, and no loyal wretch shall close my mouth from speaking the praises of these men, who, however mistaken they may have been, were a thousand times more honorable and true to the principles of human liberty than thousands who call them traitors. Their names will live in history as noble representative men of the nation. They are my fellow citizens, and to-day they seek to be with us members of one common republic. Their fame will swell the grand aggregate of that which composes and lives in history, and will live to the remotest syllable of recorded time.

My heart's desire and prayer is for the restoration of this Government as it was. I would have the Constitution of our fathers. It was good enough for them, and it would be good enough for us and for generations unborn.

Give us our liberties again; aye, we will have them—understand that, loyal men. [Cheers, and cries "That we will."]

WE will at once rebuild our warehouse, and will have it completed by the 15th of September, but by the first day of that month we will be ready to receive goods on store.

The sheds will be divided into fire proof compartments by brick walls, and covered with tin. Those who have patronized us for the last two seasons, and those who may have proposed to do so the approaching one, may rest assured we will be ready for them.

We design establishing a Cotton Compress in connection with our warehouse, upon an adjacent lot, which will be ready by the 1st of October or sooner. The proximity of our establishment to the river renders the handling of cotton so convenient that we can transfer cotton for shipment by river free of drayage. The advantage of the position is equal to one drayage on all cotton sent for compressment from other warehouses, while on all cotton in our warehouse for compressment there can be two drayages saved, since it would be as easy for us to transfer it from our shed to the Compress as to turn it out in the ordinary way for transfer by drays.

Our Southern Widows and Orphans

IT is the duty of every true Southern person to cast in a mite to the support of those who have been left in a dependent condition by the loss of a dear husband or an affectionate father, who laid down their lives in the defense of our once glorious but now LOST CAUSE!

And being impressed with a sense of this duty, I have determined to set apart, say one-fourth, of my net income for that purpose; and as my business is the publication and sale of the first classed Southern Literature, for which I have exclusive control of the States of Arkansas and Tennessee, and the counties of Washington, Holmes, Atala, Winston and Noxubee, and all counties north of the same in the State of Mississippi, I feel assured that the good people of said section are willing and will assist me in my donation, and to this end I wish a gentleman or lady in every civil district, within the above territory, who feels an interest in the needy, and who will give a few weeks time, energy and influence to the business, to canvass their respective districts for our standard Southern Historical Works. For such services we will allow a liberal commission on sales.

We wish the very best of citizens, and those who can and will take an active interest in our enterprise, to whom we refer to the following names, should they desire to make inquiries.

Liberal Advances—Supplies at Wholesale Prices

Commission for Selling Cotton $1 per Bale

To the Cotton Planters of West Tennessee, Alabama, Mississippi and Arkansas.

THE undersigned respectfully tenders his services as Agent for the sale of your cotton in this city, and for the purchase of your supplies. The unfortunate termination of the late war, which has absorbed the best interests of the South, has also had its effect upon the commission business of this city, as transacted between planter and merchant. You doubtless well remember with what pertinacity, (previous to the war) amounting in some instances to annoyance, you were solicited for your business, at the rate of fifty cents per bale commission, free of drayage, and stored for twelve months without charge. Then (as will be again) the producer was the ruling element, and high rents, fast living and large merchants, were the result of planters' patronage.

No people on earth have been more seriously prostrated than planters and planting, and none so much deserve to be fostered and encouraged back to their former condition.

How that aid, so much needed, has been meted out, you, I opine, too well know. [illegible]

EDITORIAL
THE PEN IS MIGHTIER THAN THE SWORD.

SUNDAY, : : : : : SEPTEMBER 8, 1867

THE prosperity of Memphis should be nearest the heart of every citizen. The accumulation of wealth may be regarded in the abstract as springing from sordid motives, but it is a natural instinct, and unless it is permitted to absorb all other feelings, and degenerate into absolute avarice, it may be encouraged without detriment to the general character. It is not in itself reprehensible, therefore, but should be regulated by other and higher characteristics, that will preclude it from becoming a passion subversive of every moral duty and obligation. Money is a good thing to have, and it is decidedly inconvenient to be without it; but it should never be suffered to possess such sway as to override those elements that are calculated to win esteem and elevate human nature. It is the struggle of every day life to make money, and the successful trader is regarded with respect by those who would imitate his enterprise and emulate his good fortune. Whatever, therefore, promises to increase the wealth of this city should be of interest to its citizens. The crops of the present year are abundant almost beyond parallel. Our farmers have raised their own supplies, and we shall have produce to sell, instead of buying from abroad as heretofore has been the case. The immense quantity of grain that used to freight so many fine steamers will no longer find its former market open, and prices will have to come down. Perhaps the people of the West and Northwest, who have enjoyed a long reign of prosperity, and have not felt the oppression of taxation, may at length have their senses quickened, as to the great folly of the day, in subjecting a free and enlightened people to the penalties our people are undergoing and elevating above them those who were so recently their slaves, and belong to an inferior race. There may be good in store for us, but it comes slowly. By reference to the past history of the city, it will be seen that its most propitious years were those immediately preceding the war. The cotton yield was greater than it has been since. The dependence of our people upon other industries for sustenance, drained a great part of the money in circulation. There will not be a recurrence of this. The proceeds of cotton sales will not have to be sent off to buy meat and breadstuffs. Our debts will be canceled, and every part of the community so long oppressed will be relieved. We look forward to such an event with hope. While there should be all the forbearance manifested by those who suffered in the same cause, every one should feel himself bound to apply his means to the extinguishment of his debts. In this way the greatest relief would be obtained, and none subjected to inconvenience. It is thus that prosperity may be secured, and Memphis start forward again in her rapid strides to commercial greatness. As soon as capital can be combined, it should be invested in manufactures, which after all are the surest basis of a city's greatness and prosperity.

A GEORGIA paper expresses itself lugubriously over the melancholy spectacle presented by the fact of the wheat crop being sent to the North to be returned in flour, so that transportation both ways, commissions, charges—in fine, all that goes to swell the profits and pay for the handling, must be paid by a people literally starving for bread. It accounts for this export of wheat on the score that there is more money at the North, and prices there are more attractive. The paper alluded to says: "The idea of Georgia exporting wheat when her people are staring for bread!—does it not sound ridiculous? But it is yet a stubborn fact." It presents precisely the picture: that the motive of trade and making money rises superior to benevolence, as they did above patriotism a few years ago. It may be melancholy to contemplate, but it is nevertheless true, and is one of those revolting phases of human nature which show that the fiend rather than the angel predominates. Had there been less selfishness and more true patriotic ardor, we should not be now languishing under the lash of the tyrant, our hearts despondent and shrinking under the apprehension of something worse than we have yet endured, and the extent of which we cannot estimate. Our people are not as homogeneous as we thought they were. The spirit of traffic and the realization of profit entered into the calculation, when life and honor and human happiness were imperilled; and this very circumstance was fatal, when it should have been held subordinate to the holy influences that should have ruled the hour. We can see nothing strange in wheat going from Georgia to a Northern market, where money is abundant and good prices can be obtained, when at home, howsoever much it may be needed, money is comparatively scarce, and those who are famishing have not the means of releiving their necessities. If it were not so, the "rarity of christian charity" would not have been so repeatedly demonstrated; and the one heart which should have actuated our whole people would not now be ready to yield to influences that must divide it into minute and inconsiderable atoms.

WE will publish SICKLES' report to General GRANT, in regard to the causes which led to his removal, in our next issue.

NEW ORLEANS, September 7.

On assuming command of the Fifth Military District, General Griffin says all existing orders will remain in force. The district staff officers will continue to perform their customary duties at headquarters, in New Orleans, until further orders.

General Ord telegraphs from Vicksburg that that place has been placed under quarantine, and boats from New Orleans must land at the station two miles below the city.

A pacific note has been issued from the Prussian Foreign Office, in which the note of M. Moustier, the French Foreign Minister, is alluded to as highly satisfactory to the Prussian Government.

FROM RICHMOND.

RICHMOND, August 7.

Yesterday a negro named Howe, who bought a first class car ticket north of Washington, was put off the Richmond, Fredericksburg and Potomac railroad near this city, having refused to ride in a negro car. He was about to sue the company, but to-day it was compromised by the company paying him $200 damages. This is the first case of the kind in the South where a negro has received damages.

FROM WASHINGTON.

WASHINGTON, September 7.

The *Intelligencer* says that, during the deliberations of the Cabinet, yesterday, it is understood that it became evident that, in the opinion of every member present, the legal effect of the contemplated amnesty proclamation would be to relieve all persons included within its terms from all disqualifications, as well as all penalties, incurred by complicity in the late rebellion, and of course, so far as the act on of the General Government is concerned, from all disability as to the right of suffrage.

In consequence of a clerical error in the public debt statement referred to in the dispatches published this morning, the Secretary of the Treasury has been directed to make out a new and correct statement, to which will be added a report of the condition of the public debt on the 1st instant, which will show a reduction in the debt of $264,806,206 38.

Under the new bonded warehouse regulations just adopted by the Treasury Department, the restrictions heretofore imposed upon the transfer of spirits in bond from warehouse class B, is done away with, and all bonded goods are allowed to be removed from one district to another, on consignment from one collector to the other. These regulations go into immediate effect.

There is authority for stating that it has been determined to furnish every officer of the United States army with a copy of the recent Proclamation of civil Supremacy, with suitable injunctions of loyalty and obedience to the laws.

The Greatest Cough Remedy Ever Discovered.

DR. C. WILLIAMS'

Compound Pulmonic Balsam of Wild Cherry and Wood Naptha,

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, Spitting of Blood, and all other Lung Complaints, tending to Consumption.

READ! READ! READ!

THIS justly celebrated preparation is recommended by some of the most learned and intelligent physicians in the country, and will be found far superior to any remedy for the cure of all diseases of the respiratory organs. All persons who have used it for Asthma, Cough, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Pain, Soreness of the Breast, Difficulty of Breathing, and every other disease of the Breast and Lungs, attest to its superior efficacy in the most unqualified terms.

BRONCHITIS, a disease which is annually sweeping thousands to a premature grave, under the mistaken name of Consumption, is promptly relieved and cured by it. The usual symptoms of this disease, (Bronchitis) are Cough, Difficulty of Breathing, Hoarseness, Soreness of the Throat or Lungs, Asthma, Hectic Fever, accompanied with spitting of phlegm or matter, and sometimes blood. It is an inflammation of the membrane which lines the inside of the whole of the wind tubes or air vessels which run through every part of the Lungs. This Pulmonic Balsam immediately suppresses the Cough and Pain, subdues the inflammation and fever, removes the difficulty of breathing, by producing a free and easy expectoration so that a cure is soon effected. It always cures in ASTHMA. Two or three doses will cure the CROUP or HIVES of children in a few minutes, and it is remarkable how prompt it is in subduing the violence of HOOPING COUGH, and effecting a speedy cure, and many who have been given up by their physicians as incurable in Consumption, have been restored to perfect health by it.

☞ Sold by all Druggists in Memphis and everywhere in the South and West. se8

FRENCH MEDICINES PREPARED BY GRIMAULT & COMPANY

Chemists to His Imperial Highness Prince Napoleon.

THESE different medicines represent the most recent medical discoveries, founded on the principles of chemistry and therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorised by the government. This fact must be a guarantee for the excellency of Messrs. GRIMAULT & CO.'S medicines.

Dr. Leras' (Doctor of Medicine) Liquid Phosphate of Iron.

The newest and most esteemed medicine in cases of CHLOROSIS, PAINS IN THE STOMACH, DIFFICULT DIGESTION, DISMENORRHEA, ANIMEA, GENERAL DEBILITY and POORNESS OF BLOOD. It is particularly recommended to regulate the functions of nature, and to all ladies of delicate constitution, as well as to persons suffering under any kind of debility whatsoever. It is the preservative of health *par excellence* in all warm and relaxing climates.

No More Cod Liver Oil—Grimault's Syrup o Iodized Horse Radish.

This medicine has been administered with the utmost success in the hospitals of Paris. It is a perfect substitute for COD LIVER OIL, and has been found most beneficial in DISEASES OF THE CHEST, SCROFULA, LYMPHATIC DISORDERS, GREEN SICKNESS, MUSCULAR ATONY and LOSS OF APPETITE. It regenerates the constitution in purifying the blood, it being the most powerful deparative known. It has also been applied with happy results in DISEASES OF THE SKIN. Further, it will be found to be of great benefit to young children subject to HUMORS and OBSTRUCTION OF THE GLANDS.

Consumption Cured—Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in cases of PHTHISIS and other DISEASES OF THE LUNGS. It promptly removes all the most serious symptoms. The cough is relieved, night perspirations cease, and the patient is rapidly restored to health.

N. B.—Be sure to see that the signature of GRIMAULT & CO. is affixed to the bottle, as this syrup is liable to imitations.

No More Difficult or Painful Digestion—Dr. Burin du Buisson's (Laureate of the Paris Imperial Academy of Medicine) Digestive Lozenges.

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive functions, such as GASTRITIS, GASTRALGIA, LONG AND LABORIOUS DIGESTION, wind in the stomach and bowels, EMACIATION, JAUNDICE and COMPLAINTS OF THE LIVER AND LOINS.

Nervous Headaches, Neuralgia, Diarrhea, Dysentery, Instantly Cured by Grimault's Guarana.

This vegetable substance, which grows in the Brazils, has been employed since time immemorial to cure INFLAMMATION OF THE BOWELS. It has proved of late to be of the greatest service in cases of CHOLERA, as it is preventive and a cure in cases of Diarrhea.

Ferro Manganic Powder, prepared by Burin du Buisson, approved by the Academy of Medicine in Paris.

A small quantity of this powder in a glass of water is sufficient to obtain instantly an effervesing mineral and gaseous water to be drank at meals, either pure or mixed with wine.

It is a most valuable medicine for persons suffering from Chlorosis, Stomach Aches, and for Ladies suffering from Difficult or Suspended Menstruation. It is especially recommended to persons unable to digest the ordinary medicines containing iron.

This celebrated preparation has the advantage to prevent all tendency to constipation, and to contain a certain portion of manganese, considered by the most eminent medical men as indispensable in cases of treatment by ferruginous medicines.

No More Copaiba and Cubebs—Grimault's Capsules and Liquid Extract of Matico Vegetalis.

Where all other medicines have failed these preparations will always effect a cure. They insure rapid and extraordinary cure of severe, recent and chronic cases of private diseases. They are used in the hospitals of Paris by the celebrated Dr. Ricord, and are found greatly superior to all hitherto known mineral remedies and copaiba and cubebs. The injection is used in recent and capsules in the more chronic cases.

RELIABLE COTTON AND COMMISSION MERCHANTS.—Among the many well known cotton factors and commission firms in our city none is recognized as more reliable and worthy of commendation than that of Black, Estes & Co., Cooper Block, No. 11 Monroe street. They are active, energetic and untiring in the prosecution of their business affairs. They are building up a good name among that class of men whose word is said to be as good as their bond. Where a city has so many such men to be proud of it is an honor to be classed among them, and Messrs. Black, Estes & Co., occupy a high position in mercantile circles for integrity, enterprise, and thorough acquaintance with business.

AN EXCELLENT TEACHER.—Mr. Vigus, who has been long regarded with favor in this community as an educator, intends reopening, next Monday, his school, on the corner of Beale and Mulberry streets. Mr. Vigus has devoted the best years of his life to teaching and training the young, and his labors have been eminently successful. He is a thoroughly educated man, and fills his high position most worthily, as many will attest. He will no doubt be gratified by a full class this year.

MEDICAL SCIENCE.—The medical school at Louisville has long ranked as one of the best in this country, and as not inferior to any university of Pennsylvania, or the best schools in New York. It has always been distinguished in anatomy, which is the master key of medical science. Its fall session is about to begin, and we heartily commend to Southern medical students the lectures of the eminent faculty now controling this school.

LEDDIN'S BUSINESS COLLEGE.—The attention of parents is directed to the advertisement of this institution. The English and mathematical department is under the charge of an able and experienced teacher. The active and energetic principal is determined to afford superior facilities for acquiring a thorough English as well as a commercial education.

COTTON IS KING.—Now that cotton is beginning to come in, trade will revive and business become more brisk, and our city will have a new lease of life. Our merchants are beginning already to wear a more cheerful aspect, and it is not unreasonable to hope that their efforts will be crowned with success, and Memphis do a larger business than she has done for some time past. None of our merchants are prepared to open the campaign with more energy and skill than Messrs. Partee, McGehee & Co., No. 293 Front street. Perfectly conversant with the minutiæ of their business, and desirous of giving entire satisfaction to their friends, they are, while courteous and obliging, determined to go ahead, and they do what is to be done with a will. Active, vigilant and faithful to their trust, they are bound to succeed.

NOTHING LIKE LIFE INSURANCE.—Leaving a family in want is the bitterest pang of many a deathbed. It is, however, a pang that every man can easily avoid, by paying a trifling sum quarterly, semi-annually or annually for insuring his life. No better mode than this can be suggested for providing for those rainy days which are sure to come to every family. It is thus wiser to invest money for the benefit of a family than to put it in any other form of investment or speculation. There are many life insurance companies worthy of high commendation; among them is the Southern Life Insurance Company, a home institution, which offers all the advantages of foreign companies, but keeps the money from policies in our community. It is in every respect as carefully and judiciously managed as any company in the United States, and insures on as liberal terms.

TROUBLE WITH NEGROES.

General Fight Between them and White Citizens of Humboldt.

Persons who came down on the cars of the Memphis and Ohio railroad yesterday, report that on Friday night there was a riot and general fight between the black and white citizens of Humboldt. About ten o'clock at night two negroes, named Black and Turner, went to the store of a Mr. Hunter and got whisky, which they drank, and then, saying they had no money, demanded more. Mr. Hunter refused to give it to them. Black drew his revolver and swore he would have all the whisky he wanted. Hunter seized him, took his pistol away, and told him to go and get sober, and he would then give him his pistol. Black and Turner left in a great rage, and soon came back with about twenty other negroes, and they began smashing Hunter's lamps and windows. At this time Hunter's store was being closed for the night. The negroes fired at different parties and shouted as loudly as they could. Hunter and a number of gentlemen being fired at, returned the shots of the blacks, and soon the fight spread to all parts of the town. Lamps and windows were broken, and whites and blacks fired at each other all about the place. The negroes retreated to their homes, firing as they went. The regular troops hearing the firing, came in on the double quick, but when they reached the spot the blacks had gone to their homes. Only one white man was hurt, and he was hit with a stone. Seven negroes were pretty badly hurt, but will probably all recover. The citizens of Humboldt allege that the negroes have been very troublesome since the election. The riot is entirely at an end now.

DEATH OF THAD. VADEN.—Another one of that noble band of true men whose constancy and courage illustrated the highest type of Southern manhood, has gone to his long home—has escaped forever from the vindictive persecution of the jackals who feast upon the humiliation of Southern "rebels." Thad. Vaden, a faithful soldier of the glorious old "154th," died of consumption at the residence of a relative, near Lagrange, on the morning of the 28th August, and was interred at the family burying ground at Germantown on the following day. He was a native of Virginia, but grew to manhood, and spent the greater part of his life, in and near Memphis. Though opposed to secession in 1861, he, when the conflict came, like so many thousands of like sentiments, cast in his lot with the people of his native land, and was a brave and gallant soldier throughout the war. He was of that number of heroes who surrendered at the last with arms in their hands. In private life, he was amiable as he was brave and unpretending—an affectionate and kind brother, an upright and honorable citizen. No better soldier served the cause of the Southern Confederacy—no truer friend was to be found in the private circle of social life. We tender our warmest sympathies, and those of his comrades in arms, to his only surviving sister, in the irreparable loss she has sustained. Richmond, Virginia, papers will serve his relatives by noticing his demise.

ITEMITAS.

The New Memphis Theater is being so thoroughly repaired and repainted that it will astonish the play goers.

Dick Grey, a negro, was arrested yesterday for shooting an other of the same sort, named Will. Shaw.

Con. Riley is charged with stealing a piece of linen from the store of Lowenstein & Bro., on Main street.

One of our cotemporaries supposes that eye-gouging is an incident of the prize ring.

Frank Marsh was arrested yesterday for stealing a lot of cigars from the store of Mr. Rosenfeld, on Jefferson street.

John Neil is charged with swindling Ned Stephenson out of $100, by false pretenses.

Pat. Lowrie is under arrest for stealing a barrel of flour from the store of Mr. Marshall, on Second street.

The house of Mr. Sebrese, on Linden street, was robbed on Friday night, of three or four hundred dollars worth of clothing and groceries.

The crews of the row boats who are to have the match on the 21st instant attract some attention while exercising. There is a good deal of interest felt in this match.

The dry docks at Fort Pickering are nearly completed. They will be ready for taking on boats for repairs on and after the 15th instant.

The house of Mrs. McMahon, on Market street, was recently robbed. Yesterday one of her children observed a black man wearing a shirt that was one of the articles stolen. He gave the alarm, and after a long chase Mrs. McMahon caught the fellow and handed him over to the police.

The genial Mr. Cartwright, of the firm of Vesey & Cartwright, has returned to the city after a two weeks absence. He has made arrangements for a big supply of genuine Bourbon, and other delicacies.

Alderman Lynn will, at the next meeting of the Board of Aldermen, tender a resignation of his seat. The business season coming on, the pressure of trade, and anticipations that the demand of Dr. Toles that there shall be half the police colored, and in the Board of Aldermen and in other positions half, has perhaps inspired this intention to resign.

The popular J. W. Westcott, Esq., of the excellent law firm of Kerr, Westcott & Stahl, returned yesterday from a three weeks bridal trip to his old home in Michigan. It will be remembered that he married the accomplished daughter of Mr. Ragland, of Hernando, Mississippi.

Notwithstanding the dullness of the times, Mr. McClure, the architect and builder, is putting up three very fine two story buildings, on Poplar street, for Dr. Schaffer, and will, on next Monday, begin the erection of a handsome residence upon the Morgan property, on Second street, between Poplar and Exchange streets, for Dr. Szerenzi.

The genial Mose Parish, whose Bolivar *Bulletin* is one of the livest papers in the rural districts of West Tennessee, is in the city and will call on our merchants for their favors. His paper is an excellent advertising medium, as it circulates widely in a very productive district of country.

George R. Rutter, ex-King of Finance, the Crœsus who supplied Radical members of the Legislature with funds before the appropriation bill was passed, and who, as high cockalorum, of the Tennessee National Bank, displayed greater liberality in discounting to merchants than any other money king in Memphis, having returned to plebeian life, is about to engage in a commission note brokerage business in this city.

A match has been made for a fine race to come off on the twentieth, for a purse of three hundred dollars, mile heats, best two in three. The horses to contend are Limber Joe, belonging to Mr. Dunn, and Fanny Hall owned by Mr. Lafontine.

The Memphis & Charleston Railroad Company have, with their usual liberality, volunteered to take, for half fare, parties who wish to attend the Iuka tournament on the twelfth and thirteenth instant. The object of this tournament is to adorn the graves of soldiers, and it is hoped that many persons will attend.

Before City Engineer McClure went out of office, he, in accordance with orders, employed an assistant to get up a book greatly needed when assessments of any kind are to be made. He had to pay the assistant out of his own pocket, but has been unable to get an appropriation from the Council to meet the expense. The matter is to come up before the Board of Aldermen in a short time.

LARUE'S CARNIVAL MINSTRELS.—The performances last evening drew a large audience to the Greenlaw Opera House, and went off with great *eclat*. We have never witnessed more entire satisfaction given. The instrumentation as well as vocalization is not surpassed by any troupe traveling. The clog dance of Ed. West was equal to anything in that line we have ever seen. Hernandez is full of comic humor, and, taken altogether, the entertainment was as refined and charming as any minstrel performance ever presented in this city. There will be two more soirees—on Monday and Tuesday evenings—and there need be no appeal to good taste to fill the house. The great merit of the artists will do all that. Mr. LaRue has one of the finest troupes that were ever brought together, and there is a fortune in it if he manage to keep them together.

MORTUARY REPORT.—The following is the mortuary report of the Health Officer for the week ending at twelve m. on Saturday: Scrofula, 1; spasms, 3; premature birth, 1; congestion, 5; continued fever, 1; delirium tremens, 1; typhoid fever, 3; consumption, 5; jaundice, 1; poison, 1; enteritis, 1; meningitis, 1; intermittent fever, 2; inflammation, 1; dysentery, 1; remittent fever, 1; bronchitis, 1; diptheria, 1; diarrhea, 1; paralysis, 1. Whites, 22; negroes, 11. Total, 33.

W. E. ROGERS, M. D.,
Secretary Board of Health.

THE PLACE TO BUY GOODS.—Great bargains are now offered the ladies at Elsons' mammoth cheap store, 297 Main street. This firm is obliged to sell at any price, as they need room for their coming new stock. They have a great variety of goods of all kinds; there is not a superior assortment in the city, and all are offered at such extremely low rates as are most tempting. Ladies should at least call and examine their stock. It is not only large and well chosen, but the salesmen are courteous and obliging, and leave a good impression on all who call to purchase or examine goods. This house has been for such a length of time a favorite with the ladies of Memphis that they will now embrace the opportunity to purchase their supplies at lower prices than they could be elsewhere obtained.

A FIRM THAT IS PERFECTLY RELIABLE.—Perhaps nowhere is commercial character more highly valued than among the commission merchants and cotton factors of our city. Enterprise, intelligence, familiarity with business, and strict honor are essential to a position in the first rank. One of the firms that stands thus is that of Newton Ford & Co., No. 17 Union street. It has the entire confidence of many planters in a wide area of country, and certainly no firm is more deserving of such confidence.

MEMPHIS COLLEGE, BEALE STREET.—This institution has opened with flattering prospects. It has been thoroughly repaired and furnished. It has three departments, in three separate school rooms, large and well ventilated. The primary department is in charge of Jackson P. Crews, a southern gentleman of fine scholarship and experience as a teacher. The terms in this department are four dollars per month. Boys of all ages are received into it, and in addition to the usual exercises, familiar lectures will be given on natural philosophy, with experiments with the school apparatus. The junior department is in charge of Colonel J. G. Dupre, A. M., a graduate of the University of Alabama; one of the best linguists to be found, and an able instructor. The terms in this department are six dollars per month. The senior department is under the immediate charge of Rev. S. H. Ford, LL. D., who has given much of his life to the profession of teaching. A distinguished scholar will be added to the list of teachers so soon as the number of pupils justify. Altogether we may anticipate a permanent first class school, which will be a benefit to the city.

FINE GOODS AT GREAT BARGAINS.—Where there are so many attractive dry goods stores, with beautifully arranged windows and well filled shelves, it seems almost impossible to indicate a preference. But ladies, who have generally a will of their own, throng to the fine establishment of A. Seessel, where they can purchase, at most reasonable rates, anything from a yard of ribbon to the most elaborate dress patterns. This store is deservedly popular. It has the latest styles of dry and fancy goods, and clerks who are attentive to their business. Every inducement is held out to customers by this sterling house, which will not fail to redeem its promises. Mr. Seessel, senior, is now in the East, devoting personal attention to the purchase of large and choice lots of goods. He is the oldest dry goods merchant in Memphis, and knows exactly what style and quality of goods will suit the trade of this city.

THE MEMPHIS AND OHIO RAILROAD.—The old adage that "there's many a slip 'twixt the cup and the lip," was never more intensely illustrated, or rather exemplified, than in the recent expected transfer of the employes on this great thoroughfare, who have given such general satisfaction, to some other industrial pursuit. The new recruits were all here, "armed and equipped," ready to assume their new duties; but the word was not yet spoken. The management of the road was not exactly transferred, and several expectants were left with "dry straws," or an eye askant. Some, who contemplated themselves already conductors, ticket agents, in fact, in almost every capacity, meeting the unanticipated announcement that the former excellent and unexceptionable management would be sustained, have generally been taken with a leaving.

A heartless reflection was made upon Mr. Woodruff, President of the Memphis and Ohio railroad, in the columns of a contemporary, yesterday, which must have grown out of a mistake—that gentleman having been suddenly called away by the illness of a dear daughter. The business of the road is on the increase—its management has never been more thoroughly conducted, and it secures to Memphis a business which is fully equal to any other great artery of trade that flows here.

Emmons & Son, No. 10 Jefferson street and 393 Main street, have received New York Ledger, Chimney Corner, Frank Leslie, Independent, Boys and Girls' Weekly, Home Journal, Country Gentleman, Staats Zeitung, Police News, Harpers' Weekly, Police Gazette, Banner of Light, Boston Pilot, Irish American, Irish People, Chimney Corner, Literary Album, Turf, Field and Farm, New York Clipper, Metropolitan Record, Criminal Zeitung, Budget of Fun, Phunniest of Phun, Comic Monthly, for October; London Lancet, for August; and dailies from everywhere. Call at Emmons & Son's for your reading matter.

A LIFE INSURANCE COMPANY THAT HAS NO SUPERIOR.—Everything in the Northwest is on a magnificent scale. The rivers are big and the mountains high, the prairies extensive, and its Northwestern Life Insurance Company, of which J. S. Chapin, No. 22 Madison street, is agent, is one of the most rapidly growing, prompt and reliable companies in the country. When a man insures his life in it he is certain his family will get, without delay, every dollar that his policy calls for. This company is conducted on the strictest principles of honor and nicest calculations of probabilities. No company in the country offers to policy holders greater advantages, either as regards annuities, the ten year plan or ordinary life insurance. Last week the company paid to the families of two policy holders, who died recently, the amount of their insurance. In one of these cases seventy one dollars had been paid on the policy, but its holder drew four thousand eight hundred and thirty-one dollars.

Ed. Worsham, 22 Jefferson street, received by last night's mail, the Chimney Corner, Album, Record, New York Clipper, with a full account of the great prize fight; Wilkes' Spirit of the Times, Waverley Magazine, Boston Pilot, Turf, Field and Farm, Irish Republic, Irish People, Irish American, La Crosse Democrat, Round Table, Base Ball Chronicle, New York Ledger, Banner of Light, Freeman's Journal, Army and Navy Journal, Frank Leslie, Budget of Fun, Comic Monthly, Phunniest of Phun, and the dailies from all parts of the Union: also, Peterson's for October, Frank Leslie's Pleasant Hours and Ladies' Almanac. Go to Ed.'s to get your reading.

The Franklin Insurance and Banking Company.

This Company had a meeting last evening and elected Cyrus Johnson Cashier, and M. L. Armstrong book keeper. The Company is in possession of the keys, and only awaits the arrival of M. Lucas, who understands the combinations of the safe key. The Bank will be opened on Monday morning next, and will proceed at once to do whatever business the public will entrust to it. The creditors, except about $4,500, have subscribed two-thirds of the amount of their claims as stock to the Company, with the understanding that a certificate of deposit of the other third will be issued to them to be taken when the Directors are enabled to do so. Thus you will see the assets being over $200,000, and the liabilities being much less, and two thirds thereof being liquadated by the issuance of stock, except about $4,500, the Company will have a capital to operate on which will compare very favorably with that of any bank in Memphis. The Franklin institution proposes to do all the business authorized by the charter, and to exercise great caution and prudence. According to this arrangement the Bank will really owe but about $40,000, all of which will be subject to the control of the Directors, except about $4,500, and this will be drawn into the same arrangement.

MISCELLANEOUS.

Business on the wharf yesterday was dull, with a small list of arrivals and departures.

An invention, no other than the use of coal dust for fuel, is about to supersede all other kinds in use. Petroleum will be at a discount.

The Rubicon passed up at five p.m., with a good passenger trip.

The City of Cairo left for St. Louis at five p.m., with a fair passenger trip.

The Rowena backed out for White river with a good freight trip and her cabin crowded with passengers.

The St. Patrick, Captain John Edson, is the regular Tuesday Vicksburg packet. She is receiving at the foot of Court street.

The Commercial, Captain Ashford, is the regular Tuesday White river mail packet.

The R. C. Gray arrived from Cincinnati last evening with a fair cargo of merchandise. She returns to the Ohio on Tuesday.

The Olive Branch, Captain Jones, leaves the wharf to-day at six p.m., for New Orleans.

The Mollie Hambleton is the Tuesday St. Francis river packet.

The Belle Memphis, Captain Hemmingway, is the regular Monday St. Louis packet. She leaves at sharp five. Mr. George Dean is her purser.

The Gleaner is due from Little Rock, and will probably be found at the wharf Monday morning, to receive for a return trip.

Navigation between here and Cairo is improving. The channel is cutting out quite freely, and boats find more water on the bars than they did in the early part of the week. The St. Louis packets report eight feet at Phillips' and Bulletin bars, which are the worst places.

Mr. John Sullivan, freight clerk of the St. Patrick, will commence receiving freight on Monday morning for her.

Captain George Hart, of the St. Charles, arrived in the city last evening.

The Magenta and Ezra Porter passed down last night, for New Orleans.

The Cincinnati Enquirer, of Friday, says:

TEXAS TONIC SYRUP

A Vegetable Compound for the Rapid and Never Failing Cure of

CHILLS & FEVER OR FEVER & AGUE

Every Poison has its Antidote---Every Disease has its Cure!

THE people of the Mississippi Valley, and throughout the entire South, have long felt the necessity for, and want of, a SAFE, CERTAIN AND RELIABLE REMEDY, as a substitute for Quinine, Strychnine, and other poisonous Drugs, for the cure of Fever and Ague, or Chills and Fever. We claim, and the results will show, and bear ample testimony to every unprejudiced mind, that the Texas Tonic Syrup has supplied this want and accomplished this purpose. Its Tonic, Alterative and Antiseptic qualities are such that none can possibly be disappointed in its effects. Upon its own merits, therefore is it sustained. A single trial is all that is needed to stamp this remedy as the greatest specific of the age.

The ingredients of which this Medicine is composed are simple productions of nature abounding upon certain streams in the State of Texas, and were ever used by the Aborigines of that State as a specific for Fevers of all kinds, and especially Fever and Ague, which they never failed to cure.

A celebrated physician, acquainted with these facts, has furnished us his theory upon this important subject, and hence the product properly named TEXAS TONIC SYRUP, which we now offer to the public as a specific and POSITIVE cure for Fever and Ague, or Chills and Fever, no matter of how long standing.

Having had indubitable evidence of its prompt and certain effects from the testimony of a multitude of respectable citizens, we do not hesitate to recommend this preparation in all cases of Fever and Ague and Chills and Fever; indeed, from the facts in our possession of its intrinsic value, it would not be too much for us to state that when the directions are strictly complied with we warrant a cure in every case, where it is tried. It is pleasant to the taste and the cheapest Medicine in the world. Therefore, in truth, it may be declared the day is not far distant when it must be appreciated and used in every household where Fever and Ague or Chills and Fever is found to exist.

LYON'S

PERIODICAL DROPS!

THE GREAT

Female Remedy for Irregularities

I HAVE tested these Drops in my own practice over ten years, and do not hesitate to say, that nothing has yet been developed by medical research that acts so powerfully, positively and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from ladies all over the Northern and Western States, were they not in their nature private. Over one hundred thousand bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but I trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Leucorrhea, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by inclosing the price to C. G. CLARK & CO., New Haven, Connecticut, General Agents for the United States and Canada.

THE RAIN.

BY MARY E. POPE.

The rain—the longed-for summer rain,
  Is coming down at last,
Over the city, the wood, the plain,
  A misty veil is cast.
The children of men with dust-dimmed eyes,
  And a prayer in every heart,
Look fearful up to the cloud-draped skies,
  Lest the welcome signs depart.

The rain—the pleasant summer rain,
  Comes pattering from the eaves,
The grateful music rings again
  From the dust-besprinkled leaves.
O, children of men from sleep arise
  To worship the loving hand
That sendeth the life-stream from the skies
  To heal the fainting land.

The rain—the cooling summer rain!
  How it brightens the crisp, brown grass;
How the odors of blossom and ripened grain
  Sweep by as the sweet drops pass!
The cattle upon a thousand hills
  On freshened pastures fed,
Are drinking content the tide that fills
  The dried-up streamlet's bed.

The rain—the grateful summer rain,
  It falleth alike on all,
On the child of want in his aching pain,
  On the dweller in splendor's hall;
On him whose heart and hands are clean,
  On the wretch with the mark of Cain;
And lovely man, and the reptile mean
  Bless God for the summer rain.

The blessed rain of heavenly grace
  Is falling on human souls,
And the stain of the mire of earth's wild chase
  Away on the bright drops rolls.
The heart that in sin lay scorched and dead
  To a higher life has birth,
Whence flowers of love and holiness shed
  Sweet perfumes o'er the earth.

"TRUTH STRANGER THAN FICTION."

—o—

A Vent Hole of the Infernal Regions.

—o—

WEST BLOOMFIELD, N. Y., Aug. 26, 1867.

Editors Rochester Democrat:

We have an "Institution" in our town which, were it in Italy or Switzerland, parties making the "grand tour" would go miles to see, and think themselves well paid for their trouble, and as I have not seen any notice of it in the papers I will give you a short account of it.

Fifty years ago, some of the early settlers living near what is now called "Bebe's Brook, (three miles south of our village), conceived that there was coal or some other valuable mineral in a locality near the brook, and accordingly sunk a shaft to test the matter. After getting down some thirty feet they perceived indications of foul air, and fired a bundle of straw and threw it down the shaft. It instantly ignited and burned high above the surface, causing them to retreat on the double-quick (badly scorched) with the entire loss of baggage. It burned a short time and went out, but the experiment induced them to abandon any farther investigations. In later years, parties fishing in the brook by torchlight, could, by touching the surface where the water was still, ignite it at pleasure when it would burn a short time and expire.

These facts being well known, when the "oil fever" was at its hight some three years since, parties here decided to bore for oil. A company was formed, an engine and the necessary tools procured, and boring commenced. After boring about one hundred feet they struck a crevice which emitted a strong volume of gas. This gave them renewed courage, and they bored away for months until they reached a depth of five hundred feet, when their courage and capital being alike exhausted, they concluded to abandon it, and pocket the loss as many a seeker after oil has done before or since.

Since then the well has remained in *statu quo* (the volume of gas never flagging for a moment) until about the first of July one of our citizens visited it, to show it to a visiting friend, and concluded to try an experiment with it. Accordingly he attached a lead pipe to the curbing tube to conduct it outside of the building, and applied a lighted match to it, when "presto change," quicker than you could say "Jack Robinson," the pipe melted, the flame following it up. They used every effort to extinguish it, but in vain. It would not "out" at their bidding any more than the spot of blood from the hand of Lady Macbeth.

It reached the building in less time than I could write it, and in a short time the structure was a mass of smoking ruins, the heat damaging the engine past repair, leaving damages of $1,000 or so for some one to pay. Since then it has burned constantly. The iron tubing rises fifteen feet above the surface, and a roaring, surging, leaping column of five or six inches in diameter rises thirty feet above that, making the vicinity light as day in the darkest night. The reflection on the sky can be seen for miles away.

MONETARY.

DAILY AVALANCHE OFFICE,
SUNDAY, September 8.

The market presented no new development yesterday, money being quite as closely tied up as ever. As the opening of the business season approaches, the stringency in the money market does not appear to relax, but, on the contrary, as though every one was preparing for a contest of unparalleled competition, there seems to be a general determination to apply all the requisite capital to the necessities of trade, and to keep it free from other influences. There was paper offered, yesterday, considered unexceptionable, and not a dollar could be raised upon it. Of course, if a heavy shave had been admitted, it would have been discounted; but nothing like its face value could be procured. As the season progresses, this stringency may disappear, and with large sales of the great staple on which we have relied with such undeviating confidence, a general relief be experienced.

GOLD—Was steady, with light counter sales. The premium rates ruled at 140@141. Silver was firm and scarce at 130@132.

EXCHANGE—Firm and scarce. Checking rates are ¼ premium on St. Louis; ⅜@½ premium on Cincinnati, and ⅜@½ premium on Boston, New York, etc. There are few cotton bills on the market, and all offerings are readily taken at par.

CITY SCRIP—Dull and weak, buying at 52@55, and selling at 55.

COUNTY WARRANTS—Were dull at 65@70c, with few transactions.

POLICE SCRIP—Was steady; buying at 75c, and selling at 80c.

Tennessee money is scarce and inactive. Dealers bid as follows: For Bank of Tennessee, old issue, 50c; Bank of West Tennessee, 40c; Bank of Chattanooga, 10c; Bank of Middle Tennessee, 95c; City Bank, 50c; Merchants' Bank, 95c; Northern Bank, 95c; Ocoee Bank, 95c; Planters' Bank, 95c; Union Bank, 95c; Shelbyville Bank, 90c; Southern Bank, 95c; Traders' Bank, 95c; Bank of Knoxville, 45c; Commercial Bank, par; Bank of Memphis, par; Bank of the Union, 95c; Buck's Bank, 95c; Life and General Insurance Bank, 10c; Union Bank certificates, 80c; Bank of Commerce, 95c; Bank of Paris, 95c.

The New York *World*, in an editorial on the effect thus far of the National Bankrupt law, remarks:

The enactment of a Bankrupt law has had a somewhat different effect upon the fortunes of merchants and traders who had failed than was expected. It was supposed that, as there was known to be great numbers of people who could not go into business because of their unliquidated indebtedness, that as a consequence there would be a rush of bankrupts to take advantage of the new law. It has not so turned out, though, undoubtedly, when the fall terms of the courts commence we will see a much larger number of bankrupts put through the legal mill than was seen this summer. Instead of taking advantage of the law to free themselves from their obligations by being declared bankrupts, the delinquent and unfortunate traders are "settling" with their creditors. For one person who makes application to the courts, there are twenty who privately come to an understanding with their creditors. This has been done to so great an extent that hundreds of thousands of old merchants will re-enter business this fall and winter. The law allows practically of three modes of settlement: the voluntary and involuntary bankruptcies of insolvent debtors, or a compromise without legal proceedings, and this is what is now going on all over the country. The effect cannot but be good. Hundreds of energetic men will find their way into business, and thousands of families will be relieved from the burden of old debts. The law so far seems to have worked well.

COMMERCIAL.

DAILY AVALANCHE OFFICE,
SUNDAY, September 8, 1867.

Business in the leading markets for the past week has been steady. The markets are well supplied. Provisions during the week have been in good demand, with an advance in pork and clear sides, which are in light supply. Flour ruled dull and nominal throughout the week, with prices unchanged. Corn ruled firm with small receipts and a fair jobbing trade doing. Hay and oats were quiet with a fair demand, Groceries ruled steady, with prices firm. Our merchants have been making the most extensive preparations for the fall business, by procuring full and complete stocks of goods, so that they have never been in better condition to supply any demand that might be made upon the largest assortments.

The estimate of the crops on White river, have exceeded expectation earlier in the season. Heretofore the most of the cotton grown in that section has gone directly to New Orleans. Henceforward, we may expect it to seek this as its principal market. It is thought that at least forty thousand bales will be raised on the lands drained by White river, the greater portion of which will be brought here. This will be a considerable addition to any trade we have had from that section, and with increase of business will in the same ratio relieve the pressure which has been so vigorous. The line of packets in the White river trade, has acquired a degree of popularity, through the accommodating spirit of its officers, its promptness and regularity, that has done much to insure to this city the benefits of this business. The fact that our farmers and planters have devoted much of their land and labor to the cultivation of corn and other crops, for which a large demand for money was created, to provide the necessaries of life, drawn from distant points, will prove of immense advantage, and we have every reason to expect a renewed feeling of confidence in a short time, that has not been experienced since the great revulsion through which we have just passed. There is nothing that could inspire this confidence like the independence which must inevitably flow from full granaries. We therefore predict, without fear of mistake, that the season will be more prosperous than any of us during the past few months had reason to anticipate.

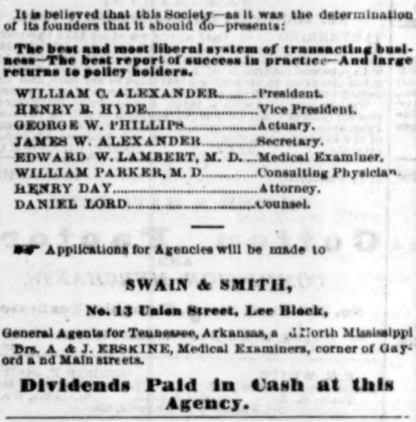
GROVER & BAKER'S
CELEBRATED
ELASTIC STITCH & LOCK STITCH



SEWING MACHINES

Why the Grover & Baker Machine is Best.

1. It is more simple, durable, and less liable to derangements than others.
2. It sews from ordinary spools, and no rewinding of thread is necessary.
3. It sews with equal facility all fabrics, the most delicate and heaviest, and with all kinds of thread alike, cotton or linen.
4. Its seam is so strong and elastic that it never breaks, even on the bias.
5. It fastens both ends of the seam by its own operation.
6. Its seam, though cut at every sixth inch, remains firm, and neither runs nor ravels in wear.
7. Its seam is more plump and beautiful, and retains its plumpness and beauty after washing better than any other.
8. Its seam can be removed in altering garments, after proper instruction, without picking or cutting them.
9. Watching and placing the tensions upon the threads necessary in other machines, is unnecessary in this. The tension being once adjusted on the Grover & Baker machine, any amount of sewing may be done without change.
10. It makes beautiful embroidery without any change of arrangement, simply by inserting threads of suitable sizes and colors for this purpose. It is the only machine that both embroiders and sews perfectly.

THE DISCOVERY OF THE AGE

NO material which has ever been discovered has effected greater benefits in the household economy than

McGIMSEY'S MAGIC SOAP.

It is a labor saving invention as well as an invaluable remedy in scurvy, scald head, eruptions of the skin and piles. Dandruff is removed from the head, the teeth whitened and cleansed, plate and jewelry cleaned, stains effectually removed from carpets, furniture, clothes, paint, varnish or marble with the greatest facility and without injury to the material. It is a great saving of time and labor in washing clothes. It is the only known soap which will wash flannels with the ease of cotton or linen without fulling or shrinking. All these important objects can be effected without injury to the skin or the most delicate fabric. It possesses no deleterious qualities whatever. The world is challenged to produce a soap which possesses so many valuable properties, and which is so innocuous and safe. It is a home invention, and defies competition in any part of the world. It has become a necessity in Memphis, and its use is rapidly spreading throughout the South, and eventually will extend over the United States, North and South America, Europe, Asia, Africa and Oceanica. Manufactured solely by C. P. McGIMSEY, Memphis, Tenn., and can soon be found at any respectable family grocery or drug store. The proprietor is determined that its manufacture shall keep pace with the rapidly extending demand for its use.

The Mount Auburn Young Ladies' Institute,

SITUATED on that beautiful eminence north of the city of Cincinnati from which it derives its name, has just closed its twenty-second session.

The past year has been one of unusual prosperity, there having been in attendance two hundred and thirty five young ladies, gathered from all parts of the United States. No case of sickness requiring a physician has occurred.

Its healthful location and its country position, while yet so near the city, gives it advantages over either city or country schools.

Its character as a first rate Seminary of Learning is too well known to need further comments.

The Library, Cabinet and Apparatus, already very extensive, are receiving yearly additions.
